RYA Yachtmaster Coastal CoC Professional Skipper Training @ £4,275.00*

* The RYA SRC/VHF Assessment & YM Coastal Exam Fees are included in the scheme fee

Before participating in this scheme you will need to be in possession of the MCA ENG1 Medical – we can sign-post this for you in Cardiff.

The Yachtmaster Coastal Professional Scheme offers a significant time/cost alternative to those available on the South Coast (14-18 weeks at a cost of £12-14k). The question posed here is what would happen if halfway through you decided the career was no longer for you?

Our experienced instructors have carefully considered what we can offer in the Bristol Channel – the option is after six weeks to be commercially endorsed for night time operations. You will be in a great position to gain experience over 6 months to get some distance and quality sea-time through deliveries, acting as a mate or crew. You might also consider using the time (and funds) to undertake STCW Training and AEC 1 & 2 Courses – we can make an introduction for this to be completed close to the Bristol Channel.

		To Yachtmaster Coastal Professional	Days on Board	Mileage
Week 1	Monday	RYA First Aid Course
